### ISLA

Isla joined us at the age of six; a school friend invited her and even when other girls moved on Isla kept on dancing, and later joined Modern.

Isla has just achieved her Grade Eight in Ballet and her Grade Five Modern.

Isla has not just kept creative by dancing, but used paint and photography to capture herself and her fellow dancers for her A Level Art coursework. She has been offered a place to study Comic and Concept Art at UCA's Farnham Campus from September 2023 and we cannot wait to see where this takes her.

### LAURA

Starting in Modern and Tap and later starting Ballet (online via Zoom!), Laura's handwork and enthusiasm for dance and performance has seen her recently achieving her Grade 6 Tap, Intermediate Modern and Intermediate in Ballet.

Always bringing performance into her classes and on the stage we hope Laura will still keep dancing with us as she starts an Apprenticeship in Project and Construction Management.

### **BETHAN**

Taking inspiration from her big sister who joined us in 2006, Bethan started dancing three years later.

After recently taking her Advanced One Ballet, Grade 6 Tap and Intermediate Modern, it has been our pleasure to have taught Bethan over all these years and her consistence ability to beautifully express herself and perform every exercise.

We are pleased to hear her University choices were based on the reputation of their Dance Society, and she plans on going to Exeter University to study English Literature.
